Membership Drive Set At 500

Mr. Sr. was a Chairman of the Drive for the year of 1969. The statement was made by Talmage Rayborn, executive director of the Hancock County Board of Supervisors.

Rayborn said the drive started at that time when the goal is to increase the membership to 500 for the year of 1970. On a National basis, according to the drive, the drive is a \$36 charge for the year of 1970. The drive is an additional charge on the number of employees employed by the employer. For example, an employer with 10 employees would pay \$360 for the year of 1970. The drive is a voluntary drive and the employer would depend on the employee to pay the fee. The added fee would be a deduction from the employee's pay. The drive is a drive to increase the membership of the Hancock County Board of Supervisors.

Individuals without business connections are admitted to a flat membership charge of \$36, but have a vote on any chamber business just as each membership has a one-vote control. Rayborn said it is now time for the people in Hancock County to ask themselves what they can do to help their county, rather than what the county can do for them. A unified county could result in many benefits to each individual and to each business and raise the standard of living for all within the county, Rayborn said.

A 500 membership subscription would not an estimated \$25,000 for the operational expenses within the Chamber of Commerce and make possible expansion to promote education, welfare and diversification in addition to upgrading various business interests.

Payment of dues may be made annually, semi-annually or quarterly to meet the convenience of the member. Some prefer a monthly bank draft on their account, which is also permissible and may be handled through the Gulf National, Hancock or Merchants Banks.

City Third Trailer Revenue

Mr. proud of the fact that Hancock County holds Mississippi's 82nd place in trailer revenue derived from homes or trailers. The tax assessor in an interview said that the information is from the files of the Hancock County Board of Supervisors. The revenue of the county is approximately \$6,600 for the year of 1970.

accommodations available. In Pearllington there are two privately owned locations that can accommodate about 25 trailers each but scattered about the county there are spaces for at least 300 that have been approved by the State Board of Health.

Hospital Plans Cardiac Unit

Hancock General Hospital will proceed with plans to build a Cardiac Care Unit and have employed J. Buchanan Blitch & Associates as architects. Tentative plans for the addition were presented on Tuesday night at a meeting of the Hospital Board of Trustees and members of the Hospital Medical Staff. The group voted unanimously to proceed with the construction of the three bed cardiac care unit with all deliberate speed. Members of the Board of Trustees include Kenneth N. Caron of Pearllington, president; Rev. Charles Johnson, Vice President; Conrad Mauffray, Secretary; John Rutherford, Treasurer; and members at large Wesley Haas of Kiln, Herbert Roy Knight of the Flat Top Community and Paul D. Smith of the Standard Community.

Executive director of the hospital, H. J. Blackledge said tentative plans were to place this addition on the South Side of the Popperine Wing. "We have excellent equipment in our cardiac station", Blackledge said and added it included two monitors and pace makers. Blackledge said to have this equipment in a central location and with environmental control would be a decided advantage. "This will be an asset to the people of Hancock County", Blackledge explained.

A study of plans for the new addition is on the agenda and mayors and city officials of both Waveland and Bay St. Louis together with all members of the Hancock County Board of Supervisors will be invited to attend.

LEGION PARTY
All children under 12 are invited to the annual Christmas Party given by the Clomont R. Bontemps American Legion Post 139 on December 24 at 1:30 p.m. at the Legion Home on Green Meadow Road. Santa Claus will be on hand to distribute gifts.

City Settles Claim With Insurance Firm

During the course of the trial of the case of the City of Bay St. Louis vs. Aetna Casualty & Surety Co., in the United States District Court at Biloxi with Judge Walter L. Nixon, Jr., presiding, the City reached an agreement with the Defendant Insurance Company to settle the claim of the City.

The suit involved a claim by the City of Bay St. Louis against Aetna arising out of the Huey Johnston case against the City which had resulted in a judgment in favor of Huey Johnston of \$20,000.00. At that time, the City, under its policy of insurance with Aetna, had only \$6,500.00 available with

which to pay said claim from insurance proceeds and was forced to pay the balance out of City funds.

This suit against Aetna asserted that the insurance company acted in bad faith in refusing to settle the claim within the limits of the policy when it had an opportunity to do so. Representatives of the City, after having essentially presented its case to the Federal Court, were fearful that it was unable to meet the burden of law which had been expressed by Judge Nixon in a previous case involving the same question, wherein, Judge Nixon ruled: "Under Mississippi Law, an insurer cannot be found liable in excess of its policy limits unless it is shown that its refusal to settle was so arbitrary and unreasonable as to constitute fraud". In view of this ruling by Judge Nixon in a previous case just decided in June of this year and the factual situation as it was developed in the course of the trial, the representatives of the City felt that it would be in the best interest of the City to settle the claim for \$4,500.00. Commissioner Andre Arceneaux was the official representative of the City before the Federal Court and the firm of Haas & Haas acted as Attorneys for the City in the case.

Chamber Begins Study On Waste Disposal

A study was begun on Tuesday afternoon in the Hancock County Chamber of Commerce headquarters with a view to obtaining information on the best method of disposing of solid waste within Hancock County. Attending the meeting were the mayors and city officials of both Bay St. Louis and Waveland, as well as members of the Hancock County Board of Supervisors.

Information is being sought on particularly concerning a recently installed facility in Galesburg, Texas, said to have been approved by the Health, Education and Welfare Department, and capable of disposing of 2,000 pounds of raw garbage per hour without emitting either smoke or odor. Galesburg, said to be a pioneer in the use of this equipment, says the installation can be screened from view by use of fast-growing trees and shrubs.

Also attending the meeting were Sanitary Inspectors Wayne Allison and Louis Fernandez who are accumulating information on approved sanitary land fill methods.

Supervisor Charles Russ III, chairman of the project, and those included in the group made an inspection of proposed sites within the county on Wednesday in the hopes of making an early decision on the place for installation.

CHRISTMAS TREE
The annual Masonic Christmas Tree sponsored by Diamond Lodge #393 for the children in the Lodge's jurisdiction will be held on Monday night, December 21st at 7:30 o'clock at the First Methodist Baptist Church in Pearllington. This event is a long-standing tradition and it takes place at different churches in the community.

GERALD V. PRICE
Services Held
For Former
Hancock Sheriff

Gerald V. Price, Sr., 70, former Hancock County Sheriff, died at 9:55 a.m. Saturday at Hancock General Hospital where he had been a patient for five days.

Mr. Price, born February 14 1900, in New Orleans, served as sheriff from 1960 to 1964 and as Hancock County Beat 5 Constable from 1934 to 1952.

Mr. Price was a member of Our Lady of the Gulf Catholic Church, American Legion Post 139; Veterans of Foreign Wars, Post 3253; the Forty and Eight of the American Legion; World War I Veterans, Barracks 2537; National Sheriff's Association of Mississippi and Tennessee and the Mississippi Law Enforcement Association. He was a veteran of World War I, serving with the U.S. Navy.

Survivors are his widow, Bay St. Louis; one son, Gerald V. Price, Jr., Waveland; two grandchildren; two brothers, Edward Price, Sr., Bay St. Louis, and Justice W. Price, Mobile; two sisters, Mrs. Sam Cornell, Long Island, N.Y., and Mrs. P.J. Toomey of New Orleans.

Funeral services were held Sunday afternoon at Riemann's-Fahay Funeral Home followed by religious rites at Our Lady of the Gulf Catholic Church.

Interment, with military services, were in Cedar Rest cemetery with James McArthur, Russell Elliott, John Wilkerson, Lucien Kidd, Gilbert Goyaut, John Rutherford, Jr., Frank Trapani and Gus Sager serving as pallbearers.

Honorary pallbearers included members of American Legion Post 139, Waveland World War Veterans, Veterans of Foreign Wars, Mississippi Law Enforcement Officers and Hancock County Board of Supervisors.

Homestead Exemption

Beginning on January 2, 1971 applications for Homestead Exemption will be taken in the tax assessor's office. Those wishing to make application should bring with them the license tag number from their automobile. Applicants with new homes should also bring deeds to their property. This information was released as a public service from the office of the tax assessor.

Ladner Prepared To Take Case To Supreme Court

Citizens Informed Of Road Progress

Thirty-eight interested citizens owning beach front property met with members of the Hancock County Board of Supervisors on Monday evening at Trapani's Restaurant with Talmage Rayborn, executive director of the Hancock County Chamber of Commerce serving as moderator.

The purpose of the meeting was to provide a question and answer forum to appraise both property owners and officials of existing conditions and to clear up any misunderstandings with

regard to progress being made on road and street improvement along the Beach Front.

Those in attendance were informed of an earlier tour of inspection made by members of the Board of Supervisors and Bureau of Public Road Officials. Rayborn said some important questions were raised and I feel that more meetings of this type are in order. "There has certainly been a great deal of misinformation and lack of information and our citizens are entitled to more accurate information."

Auto Accident Injures Two

Mrs. Ester Mae Scott, victim of an accident which occurred in Clermont Harbor on Monday, is in Gulfport Memorial Hospital in critical condition following brain surgery performed by Dr. Robert Erwin, according to a report received Tuesday night from the hospital. The report was Mrs. Scott is in intensive care with little response. Her husband, Virgil Scott, is a patient in Hancock General Hospital of Bay St. Louis and is said to be in fair condition following leg surgery. Both victims gave a name address of Route 3, Gardenville, Alabama.

The accident which hospitalized the Scotts occurred Monday morning between 8:00 and 8:30 when Mrs. Vladimir (Blanche) Fuchel was transporting eight children to the St. Clare School in a station wagon. Children in the station wagon were Mike, Cheryl, Jeanine and Craig Fuchel, also Cindy, Mike, Suzie and Jacky Cure. Mrs. Fuchel said none of the children were seriously injured. She said she would rather not mention the name of her insurance company or give out information about the accident as she was nervous and her information might be misleading. She said, however, that she had kept in touch with both hospitals and was aware of the conditions of both Mr. and Mrs. Scott.

Riemann Ambulance service was used in transporting both patients to the hospitals. The damaged automobiles were taken to the B. and B. Body Shop in the Clermont Harbor-Lakeshore Area. The station wagon was damaged on the right side while the Scott car had front end damages. Estimates of the costs of repairs on the automobiles was not immediately learned. A witness to the accident was Bill Shafer of Clermont Harbor. Scott through citation 857 was charged with reckless driving.

President of the Board of Supervisors, Russell Elliott, reported the earlier tour of inspection attended by board members included Bureau of Public Roads Federal Inspector, E.L. Shaw; State Aid engineer, Frank Moore, district engineer, B. L. Broom, also local projects manager Don Murray. Plans for about 14 miles of Beach Front roads between the Highway Bridge and as far as Clermont Harbor were under consideration. Elliott said within 60 days detailed plans will be presented by the Bureau of Public Roads and the Board of Supervisors will then have three weeks for advertising for bids, and an additional 10 days for recapitulation prior to letting contracts.

It is not known at this time how many individual property owners may be called upon for an easement, nor the number of feet that may be required in the easement. Rayborn said property owners would be kept informed as soon as information was made available.

Our readers write

Editor, Sea Coast Echo:
In last week's edition of this paper, our commissioner Arce-
neaux talked about the dog prob-
lem.

When are we going to quit
kidding about this problem, I
have been in Bay St. Louis for
20 years, and it wasn't but a
short time after I got here
before things began happening.
I had two dogs on the loose
just as every body else in the
neighborhood. My young dog
about 6 months old, bit or
scratched a child which he ad-
mitted it was the young dog
and I didn't deny, but the father
a native, was scared of my old
dog so she was put in the pound.
However, this same man and
several other neighbors, one
a killer dog, were allowed to
let their dogs run. Then short-
ly after I got my dog back, they
were both poisoned. How do you
like that?

Well I could go on and on but
500 words won't allow it.
Correct me if I am wrong
Andy, but I think the city passed
an ordinance several months
ago stating that ALL dogs had
to have a tag and NO dog
was allowed on the street with-
out a leash. RIGHT?

Well, I am not going to com-
ment on what I see all over town
every dog and I hate to admit it
but I am afraid I am going to
have some very angry neigh-
bors, but we have to start
somewhere.

In the third block of Car-
roll Ave. alone, I live at 302
there were, until this week,
when another family moved in
and turned 2 more loose, about
5 dogs whose owners live on
Carroll, third block, most of
them who have a large fenced in
yard have their dogs on the
street at all times. One of
these dogs, owned by a very
socially prominent citizen ap-
parently has the mange all over
his face. I understand that this
disease is transmissible. This
same dog sticks his nose thru
my FENCE to rub against my
dog in her own yard. Is that
neighborly consideration?

Not too long ago one evening
a young man and his wife with
infant baby in his arms were
walking down Carroll and 2 of
these dogs got after them, now
how would you feel if you were
in another town, walking down
the street and 2 dogs ran after
you?

Well the point I am trying
to bring out is that if our own
citizens had more self respect
they would respect their neigh-
bors privacy and property more
as well as the orders set down
by our law enforcement body.
It is true that there are dogs
thrown off in our neighborhood,
but I believe that most of them
are let loose on the highway and
get killed before they reach town.

You can see the evidence out
there every day.
So I say, lets get the home

town dogs off the streets and
out of other peoples yards, and
it will be a very easy job to
cope with the outsiders.
EARL LIZANA

If I may,
P.S. Thank goodness I wasn't
at home when they picked up
my dog. They came in my house
against my wife's orders and
got my dog out from under the
bed. Now today it is claimed
that if a dog catcher goes after
a dog on the street he, the dog,
can run into anybodys yard
and be safe. Is that true?
Please explain!

Editor, Sea Coast Echo:
Whatever the authorities de-
cide to do about the future of
Jackson Ridge, what exists
there now, is of prime impor-
tance.

It might be well to consider
the solution that Cologne, Ger-
many applied to a similar prob-
lem, on a much larger scale.
The end of World War II
left them with 60% of their en-
tire city destroyed, and 30 mil-
lion tons of debris to be dis-
posed of. What did they do?
They concentrated the rubbish,
covered it, and made a lovely
park of green, rolling hills,
which they proudly show to vis-
itors. We were impressed by the
ingenuity of it.

JUANITA G. CHAPMAN

Editor, Sea Coast Echo:
I would like to offer my con-
gratulations to the Board of
Directors of Hancock General
Hospital. Having recently spent
several days there as a patient,
I am deeply impressed
with the personnel.

From the time I was ad-
mitted everyone was most kind,
helpful and friendly.

The food was good, the fac-
ilities excellent and the service
above reproach.

My thanks to all of the
Nurses, Strippers, nurses aids,
L.P.N.s and R.N.s who were
so friendly and concerned for
my comfort and well being.

We are extremely fortunate
to have so fine a hospital with
such dedicated personnel in our
community.

Sincerely,
EFFIE G. McCULLOCH

BEEF CATTLE TIPS

Right now is a good time for
you beef cattle producers to
take stock of your livestock
and pasture needs. Determine
how many animal units you will
have on your permanent pas-
tures next year.

If you are stocked at the rate
of three or more acres per cow,
you definitely need to improve
your pastures. A good goal to
strive for is one acre per cow.
Perhaps the answer to re-
ducing the number of acres per
cow is a system of pastures.
This system might include con-
stant bermuda for permanent
summer grazing and hay, sup-
plemented with corn-sudan
hybrids for temporary summer
grazing.

The permanent winter pas-
ture could consist of fescue plus
white clover, supplemented with
ryegrass or small grains as
temporary winter grazing.

To get the maximum amount
of grazing from a pasture, use
rotational grazing. It allows
more carrying power to the
pasture and makes for better
utilization of the forage.

Representative Smith Seeks Reapportionment

Representative Lonnie Smith of Pearl River and Hancock
Counties announced Monday that he was prepping a bill in the
House of Representatives which would seek to reapportion the
Mississippi Legislature based on the 1970 population figures.
Smith, a member of the Census and Apportionment Com-
mittee stated that he felt it imperative that the Legislature
reapportion itself to avoid Federal Court action on the issue.
He stated that the Federal Court would act prior to the
1971 elections, if an acceptable plan was not adopted at the
1971 Legislative session.

Many Legislators have expressed the desire to let the
court make the decision. Smith pointed out that if this abdic-
ation of responsibility is allowed to occur, a court decision will
probably not be forthcoming until shortly before the elections,
if then. In fact such delay could conceivably disrupt the 1971
Legislative elections.

The Legislature's plan calls for reapportioning each house on
the basis of the population as required by Federal Court de-
cisions. The same number of seats in each house would be re-
tained.

Smith admitted that there will be many changes effected
in the bill before final passage. He pointed out the plan is based
on preliminary population figures, since the official figures will
not be available for several weeks.

If passed, the plan would place Pearl River County, Han-
cock County and Stone County in one district with 3 Repre-
sentatives and Pearl River and Hancock together electing one
Senator.

LIBRARY HOURS

The City-County Public Li-
brary will observe Christmas
holidays closing on December
25, 26 and again on January 1,
1971, according to a release
made by Librarian, Mrs. Edith
Humphreys.

FIRE LINES

Protect your pastures, stored
hay and farm buildings from
fire. A good way to do this is to
disk 12 to 16 foot fire lines
between pastures and public
roads, between pastures and
woods and around farm build-
ings and stored hay.

OUTLOOK FOR 1971

Cotton carryover should be
down next August 1st. Acres
planted in Mississippi will likely
be down some, but may be up
in the nation as a whole. Prices
received for cotton may also be
down.

Broiler production is ex-
pected to increase and prices
are likely to be sharply lower.
The corn carryover will be
down sharply by next October
1st. Acreage planted may also
be down depending on supplies
of seed corn. Prices should be
up.

Beef Cattle production is ex-
pected to be up again in 1971
and prices for fed cattle and
feeder calves are not expected
to differ much from those of
this year.

Pork production is expected
to increase and prices are likely
to be sharply lower.
For grain sorghum the pro-
duction is up in acreage, pro-
duction and prices.

inson, district manager of the
Gulfport social security office.

"Under the law, Medicare
can pay your medical insurance
claim only within a certain time
after treatment or other ser-
vice. If you have Medicare
medical insurance and received
covered services during the
period of October 1, 1968 through
September 30, 1969, claims
must be filed before the end
of this year," Mr. Robinson
said. After December 31,
1970, Medicare cannot pay these
bills."

Mr. Robinson said that a
completed "Request for Medi-
care Payment" form should be
sent to Travelers Insurance
Company, 112 Buchanan Street,
Hattiesburg, Mississippi 39401.
If the doctor or supplier does
not complete his portion of the
form (Part II), an itemized
bill must accompany the "Re-
quest for Medicare Payment."
Either the itemized bill or Part
II of the claim form must show
the date, place, and descrip-
tion of each service and the
charge for each service.

Mr. Robinson said that any-
one needing claim forms for
Medicare medical insurance or
related information should call
the Gulfport social security of-
fice. The telephone number is
864-2022.

Medicare medical insurance
is the voluntary part of Medi-

BROTHER VINCENT

Holy Cross Brother Dies

Holy Cross Brother Vincent
Hinderscheld died December 9
after a brief illness. He was
77.

Until his retirement in 1966,
Brother Vincent served at Holy
Cross in various positions since
1915, except for a 5-year ab-
sence.

Among the positions held by
Brother in his 50 years at Holy
Cross were assistant principal
for academic affairs, prefect of
discipline, director of the
school's boarding program, and
mathematics teacher.

Brother also served as di-
rector of the Holy Cross Camp
at Waveland, Mississippi from
1927-1947. He resided there
after his 1966 retirement until
the camp was destroyed last
year in Hurricane Camille.

Brother Vincent was born in
Massillon, Ohio in 1893 and en-
tered the Brothers of Holy
Cross in 1907. He took his
first vows in 1911 and final vows
in 1918.

He helped pay for hospital care and for re-
lated health services for people
65 and over.

A Conservative View

by James J. Kline

The judges of the United
States Supreme Court, says the
Constitution, "shall hold their
offices during good behavior."

The plain implication is that
judges shall no longer hold their
offices if their behavior is not
good. By this standard, Justice
William O. Douglas ought to be
booted off the Court.

Yet the odds are ten thou-
sand to one that the House
Judiciary Committee, when it
meets this week, will accept
the recommendation of a sub-
committee that charges against
Justice Douglas be dropped.
For the time being, at least,
the whitewash job will be com-
plete.

What does the Constitution
mean by "good behavior"?
The term defies precise defini-
tion. Manifestly, it means
something less than—or more
than—the provision that im-
peachment shall lie for
"treason, bribery, or other high
crimes and misdemeanors."
The requirement of good be-
havior, as a condition for con-
tinuance in office, applies spec-
ifically to judges. A fair read-
ing is that "good behavior"
embraces simply that high
standard of propriety which the
nation has a right to expect
from its Federal judges in their
official or public lives.

Such an interpretation has
nothing to do with a judge's
opinions. It excludes inquiry
into his wholly personal life.
The rightful concern of the peo-
ple, through their Congress,
is with the conduct of judges as
judges, and with the contribu-
tion they make toward the pub-
lic image of justice.

Whatever the standard may
be for lower judges, surely a
pattern of impeccable rectitude
is demanded of a man who sits
upon the U.S. Supreme Court.
This is the pinnacle. It is
ludicrous to say of such a judge
merely that he has done nothing
for which he might be indicted—
that he has not engaged in treas-
on, bribery, or other high crimes
or misdemeanors, and therefore
may not be impeached. The con-
stitutional requirement is that
his behavior be "good."

Former Justice Abe Fortas
understood this clearly. His
acceptance of a large fee from
the Wolfson Foundation was not
an impeachable offense, but it
tarnished the image of the
Court. It was not good behavior.
And Justice Fortas resigned.
The distinction between the
Wolfson Foundation and the
Parvin Foundation would not
appear to be vast. He over-
saw a period of years, Justice Dou-
glas accepted more than \$100,000

for vague and undefined ser-
vices to the Parvin Foundation.
Was this, in Justice Douglas's
view, "good behavior?"

When Justice Douglas wrote
for Playboy magazine, he writes
under the identifying byline of
"Associate Justice, U. S.
Supreme Court." The same
high title appears in his free-
lance contributions to Avant-
Garde and the Evergreen Re-
view. Regardless of the lit-
erary merit of his writing, these
articles, so identified, tend to
lend the respectability of the
Court to publications that may
not be actionably obscene but
surely are offensive to many
Americans. Is this casual com-
merce, in the case of Justice
Douglas, "good behavior?"

Some of these extra-cur-
ricular involvements have di-
rectly affected Justice Douglas's
work on the Court. Since the
term began in October, he has
disqualified himself from par-
ticipating in the consideration
of at least 21 cases. Several
of these, especially in the law
of free speech and free press,
are of major importance. A
California case, Shafter v. Val-
tiera, raises grave questions
under the Tenth and Fourteenth
Amendments. But Justice Dou-
glas is out of these cases.

The subcommittee's report
was prepared without one word
of sworn testimony, without one
moment of public or private
hearings. At this late date,

silver trophies were given to the Little Theatre of Bay St. Louis for the fourth annual Louie Awards. The awards were presented last Thursday night at a banquet given by the Little Theatre of Bay St. Louis. The awards were given to the best play, best actor, best actress, best director, and best production. The winning play was "The Sound of Music" by the Little Theatre of Bay St. Louis. The winning actor was John Smith, the winning actress was Jane Doe, the winning director was Mr. X, and the winning production was "The Sound of Music".

Special awards were given to Wilma Keeto and to Floyd White in appreciation of their unusual contributions to the theatre. The Bay-Waveland Yacht Club, setting for the closing event of the theatre season, was beautifully decorated by Karen and Cal Smith in blue and silver and spotlighted a giant Louie which has been used each year and which by great good fortune survived Camillo. Since the evening would bring to a close the 25th anniversary year, the entertainment consisted of songs and slides from outstanding shows of the past. Master of ceremonies was Charles Carter, Jr. and entertainment chairman was Pat Hille, Joe Vignarile, Holly Carrier, and Pete Chapman sang songs from "The Fantasticks", Inez Farvo from "South Pacific", Jay Rosato from "Camelot", and Bunk Gardner, Inez Favre, Kathleen Terry, Lois Wiltz, and Carolyn Crull from "The Music Man". Photographic effects were by Bob Hubbard. Chairman of the Louie Awards committee was Pete Chapman.

Shower Honors

Mrs. George Day, Misses Laura and Merline Ladner, Mrs. Carlos Ladner, Mrs. Victor Green Jr. and Mrs. James Austin hosted a stork shower recently in the Austin home honoring Mrs. Donald Ray.

A teddy bear theme was used in the decorations and on the cake. Gifts were presented in a playpen, a gift from the hostesses. Games were played and prizes won by Mesdames Forrest Ladner, Melvin McCardle and Ray.

Sorry to hear that Louise Russell is in the Sidel Memorial Hospital. Hope you're home and well when this goes to press, Louise.

There will be a special program at the First Southern Baptist Church Friday night December 18th. On Sunday morning special music will be presented by Mrs. Walter Hardee's Pre-school class. There will also be a Christmas play Sunday night. The play will be directed by Mr. and Mrs. Bucky Reynolds.

There will be a special Christmas program tonight at Charles B. Murphy in the school cafeteria. Time is 7:00 p.m. The program will be given by the students, and directed by Mr. David Stockstill, Mrs. Helen Lee and Mrs. Mary Strain.

Christmas Holidays will begin with the annual Christmas parties at C. B. Murphy tomorrow. Regular classes will resume on January 4th, 1971.

Cypress News

Belated happy birthday to Crystal Peterson, whose birthday was last week.

Mr. and Mrs. Harold Ne-casse celebrated their first anniversary on Sunday Dec. 13th, 1970.

Mrs. Vera Lerner Jr. and children Ricky, Randy, Patricia and Shannon, and Mrs. Lerner's mother, Mrs. Frank Mitchell, of Bay St. Louis, spent the day Sunday, in New Orleans, La., in the home of Mr. and Mrs. James Walters and daughters, Little Kimberle Walters celebrated her first birthday.

Congratulations to Mr. and Mrs. Chris Davis, who will celebrate their silver (25th) Anniversary on Tuesday, Dec. 22, 1970.

HARLES R. BROWN STOPS DOWN AS ALLER-GEYER, ST. LOUIS, MO. AM. KUBUSS.

The president of the American Farm Bureau organization underwent a sudden change of command at the 10th annual meeting in Houston, Texas, this week as Charles R. Sullivan, Illinois, resigned and was succeeded by William J. Kuhuss, Macinaw, Illinois, president of the Illinois Agricultural Association (or Farm Bureau), the largest state farm bureau organization in the nation.

The resignation of Mr. Shuman came as a complete surprise to the convention and even to his intimates. He expressed a desire to return to his farm and enter the hog business with his son. He had served as federation president for sixteen years, succeeding the late Allan B. Kline in 1954.

Louis J. Breaux, President of Hancock County, Farm Bureau, was aboard the special charter flight of Mississippi's delegation to Houston, and return that went off in fine style, eliminating many hours of travel time, in fact, reducing the trip to one hour each way. A tail wind on the return trip Thursday morning enabled the flight to be made in 50 minutes. Maximum flying speed and altitude were 235 miles per hour and 27,000 feet.

This evolution in travel is further emphasized by the almost startling fact revealed to the Mississippians on a tour of Houston that in 1946 the Houston railroad terminal announced about 40 daily passenger train arrivals. Today, only one train per day calls at the bustling metropolis of the southwest.

The members of Farm Bureau, that ordered oranges and grapefruit, please contact county office. The tree ripened fruit from Florida Farm Bureau, has arrived.

L. J. and I celebrated our 23rd Wedding Anniversary on Dec. 14.

Jaycees To Sponsor Benefit Concert

This Monday will be a day to be remembered for students in the Children's Center for Special Education in Bay St. Louis.

The Bay St. Louis Jaycees are sponsoring two big events that day for the school's children and their parents. From 11 to 4 p.m. the Jaycees have planned a gala Christmas party, to be held at the Bay Teen Center. There'll be games, luncheon, a Christmas play and best of all, Santa Claus will appear with gifts for every child.

That evening the Jaycees are sponsoring a concert at Bay Senior High, presenting a group of 16 professional young musicians from Shreveport, La. Their program, especially geared for all-age appeal, includes folk songs, rock, ballads and hymns. They have traveled all over the country and appeared on national television in hundreds of successful engagements.

All proceeds from the concert will go to the Hancock Association for Retarded Children, which operates the Children's Center, the only facility for special education in Hancock County. Again the children and their parents will be special guests at the concert which will round out a very full and happy day for the 20 children in the school.

Tickets are available from Rev. Walton at First Methodist Church on Main St., Our Lady of the Gulf school, both public high schools, and St. Rose School. Tickets are also on sale at the Bobby Ann Bakery on Main St. and the price is one dollar for adults, 75 cents for students.

CHURCH PROGRAMS

First Baptist Church in Bay St. Louis will present a program of Christmas Carols on December 19 at homes for shut-ins. On December 20 the Church Choir will present a Christmas Cantata beginning at 7 p.m. and on December 22 members of the church will sponsor Carol Singing in the Bay Area.

MERIDIAN CAPITAL
In 1863 the city of Meridian, Mississippi, served as the state's temporary capital and as the depository of the state's official records.

Bart Benjamin, on December 4 at Gulfport Memorial Hospital. He weighed six pounds, 11 ounces.

Paternal grandparents are Mrs. Madelon Brooks of Batesville and the late Mr. B. D. Brooks.

Maternal grandparents are Mr. and Mrs. Howard Carver of Bay St. Louis.

Sunday Date For Contest Judging

The Bay Waveland Garden Club through its chairman for the Christmas Lighting and Decorations Contest chairman, Mrs. C. R. Beyer, wishes to remind all those entering the contest to have their lights on between the hours of six until nine o'clock on the evening of Sunday, December 20.

This year's contest will be judged by well qualified out-of-town judges and awards will be made on the point system which has been set up as a guideline for judging. Development of the theme either religious, or children's Christmas stories, or art-related will be taken into consideration; also effectiveness, design, and balance.

Judges will meet in the home of Col. and Mrs. Nunez C. Pilet where they will be instructed by Mrs. Beyer in the rules for grading entries. Following a tour of the homes and business establishments entered in the contest Mrs. Beyer will co-host a party honoring the judges and winners' names will be announced. Mrs. Beyer said: "There have been many lovely entries this year and it is not too late to enter the contest. We hope our Waveland and Bay St. Louis citizens will enter their homes and places of business. So much joy is added to the spirit of the holidays by the enthusiasm of our citizens. Beautiful decorations are appreciated by children and adults alike. Let's make our area sparkle this Christmas." Prizes will be awarded in four home categories and the traveling plaque will be presented the commercial winner.

Lodge Elections

The annual election of officers of Diamond Lodge #393 P & AM was held Monday night, December 14, 1970 at the Masonic Temple in Pearlman resulting in the following officers being elected for the ensuing year: Worshipful Master, Percy J. Gaudin; Senior Warden, Cecil Ray Hughes; Junior Warden, Wayne J. Givens; Tyler, Kenneth Caron; and Steward, Frank J. Bello, past master. LeRoy L. Hall was re-elected Treasurer; and Henry L. Otis, past master, re-elected Secretary. Whitman Rayburn was appointed Senior Deacon; and Joel B. Adams, past master appointed Junior Deacon.

The installation of these officers will be at 7:30 p.m. on Friday, January 8, 1971 at a semi-public meeting with all Master Masons and their wives formally invited to attend.

Supervisors Ask Extension Of Deadline

An extension of the deadline for returning tractors used in the operation of Hancock County business has been requested by the Board of Supervisors. This request was made of the Office of Emergency Preparedness, February 17 was stipulated as the date for the return of these vehicles.

The Board of Supervisors advised the OEP that registration now underway on the County Court House could be delayed because of weather conditions and court cases. The extension of the deadline for the return of these vehicles, if granted, would be a session of the Chancery Court.

Tractors on location at the County Court House grounds are in constant use in conducting such vital activities as meetings of the Board of Supervisors, Court Sessions, etc. The extension, if granted, would be a session of the Chancery Court.

U.S. AIR FORCE Technical Sergeant William A. Richardson III from Waveland, Miss., is decorated with the Airman's Medal for heroism at the voluntary risk of his life by Colonel Edward H. Fisher, commander of the 3205th Maintenance and Supply Group, at Eglin AFB, Fla. (U.S. Air Force Photo.)

Airman's Medal Awarded To Sergeant Richardson

Technical Sergeant William A. Richardson III of Waveland, Miss., recently received the Airman's Medal, highest U.S. Air Force decoration for non-combat heroism, at Eglin AFB, Fla.

Sergeant Richardson, son of Mr. and Mrs. William A. Richardson Jr. of Waveland, was the crew chief aboard an aircraft which crashed into the ocean off the coast of Florida during a night landing attempt by its pilot at Eglin.

Immediately after the aircraft hit the water, the sergeant could have evacuated to safety. Instead, he risked his life to respond to the urgent plea of the badly injured pilot.

Despite the fact that the aircraft could sink at any moment, he rushed to the cockpit and assisted the injured airman outside to the relative safety of the wing.

Sergeant Richardson continued his life-saving efforts by reentering the wreckage to salvage survival equipment. He provided his pilot and himself with flotation gear and assured their quick recovery by

Carver Discusses Vehicle Expenses

In a recent interview Mayor Warren J. Carver discussed the cost of operating City-owned and/or operated vehicles. Taking the month of September as an example or "average usage month" the mayor said 3 lawn mowers and a half-ton pick up truck were used in keeping public grounds and 87 gallons of gas were consumed in their operation during that month.

A statistical record kept by the City revealed four police cars in use during September with a total of 9,335 miles travelled using 1,099 gallons of gasoline. Average miles per gallon on police cars ran from 6.75 on a 1969 Ford to a high of 9.25 miles per gallon on a 1970 Chevrolet.

The Mayor said the Street and Sanitation Department during September used 1,317.2 gallons of gasoline in operating eight pieces of equipment including dump truck, trucks, a Ferguson Roller and automobiles. Total miles travelled by the Streets and Sanitation Department for the month were 4,349. Average miles per gallon ran from a low of 1.44 consumed by the Ferguson Roller to a high of 15.9 used by the GMC truck.

The Fire Department with two pieces of equipment used only 13.9 gallons of gasoline during September, according to the mayor's figures.

The Utilities Department operates seven vehicles including two 3/4 ton trucks, a scooter, and four pick up trucks. During September these vehicles travelled 1,509 miles, using 439.7 gallons of gasoline.

In summary the mayor said: "In the Police Department an average of 36.04 gallons, or approximately 12 gallons per car per day were used."

Attendants Chosen

Plans have been completed for the marriage of Miss Suzanne Catherine Genovay, daughter of Dr. and Mrs. Noel C. Genovay, Jr., of New Orleans and Mr. Frank William Lagarde Jr., son of Mr. and Mrs. Frank William Lagarde of Bay St. Louis, Tho. St. Pius X Church in New Orleans with a reception following at the Metairie County Club.

The bride's honor attendant will be her cousin Miss Barbara Hanson of Pass Christian, Miss. The other attendants will be Miss Mary Lagarde, sister of the groom; Miss Helen Hanson and Miss Janine Syll, both cousins of the bride; Miss Gretchen Junius; Miss Cheryl Miceli and Miss Mary Davis of Lagrange, Ga.

Mr. Larry Jacob will serve as best man. Groomsman and ushers will be Messrs. Jules, Chris and Kevin Lagarde, brothers of the groom; Charles, Michael and Louis Paul Lagarde, cousins of the groom; Edward Boos; Joseph and Courtney Hanson, cousins of the bride.

A Christmas dinner will be given on Christmas day for the immediate families of the young couple by the bride's maternal grandmother, Mrs. Felix Vaccaro.

An after rehearsal party at which the groom's parents, Mr. and Mrs. William Lagarde will entertain those taking part in the wedding ceremony.

CLASSES SUSPENDED

There will be no Bay St. Louis public school of religion classes beginning this week. The new semester will start with registration January 11-12 and 13.

More information will be given at a later date.

GE-MTSD Establishes European Field Site

General Electric's Manager, Technical Services Department, headquartered in Bay St. Louis, established its first European field site last week in Torreon, Spain, to begin performance on a new contract for the operation, maintenance and management services for five Trepescator sites in Spain.

Trepescator encompasses civil engineering, transportation, food service and security services. The mission of the Trepescator sites, which are operated by United States Air Force and Spanish Air Force personnel, is to provide communication facilities, flight facilities, and navigational aids

throughout the USAF Spanish Communication Region.

The contract, covering a seven month period beginning December, was awarded by USAFE (United States Air Force in Europe) Procurement Center, located in Germany.

John R. Picard, General Manager of MTSD, who announced the award, said that administration of the contract will be conducted in the normal General Electric manner through GETSCO (General Electric Technical Services Co., Inc.).

Mr. Picard has appointed R.V. Hallbauer as Trepescator Site Support Operation Project Manager.

The negotiating team which won this contract consisted of Mr. Hallbauer, Mr. Picard and Jim McGreel.

An operational phase-in team consisting of Bob Hallbauer, John McMahon and Gene Temple is currently in Spain to develop and establish operational procedures and do the initial hiring of indigenous personnel. The total number of personnel involved in this contract will be over 100. McMahon and Temple will return on completion of this phase-in period to resume their normal functions within the Department. The five Trepescator sites are located in Elizondo, Leigos, Humosa, Soler and Manera, Spain.

Bob Hallbauer first became associated with General Electric in April 1957 in the Nuclear Ordnance Products Operation. From May 1958 to July

R. V. HALLBAUER

1960 he was a Senior Field Services Representative in the United Kingdom with Product Services, European Area Field Services. Company Exhibits Society Holds Celebration Publications

Publications. Publishing Company of New York brought their traveling exhibit of new publications to the City-County Public Library last week on a trial display program being introduced first in the South. The traveling library visits both public libraries and schools in this selected southern area.

Mrs. G. Watson Prindiville, coordinator for the library said: "I think this is a splendid idea," and added she felt it helpful to be able to see and handle the books rather than place an order simply by title and just a brochure description.

"Our librarian, Mrs. Edith Humphreys was first to view the books and make a tentative selection," said Mrs. Prindiville. She added she also made a few tentative selections but actual purchase orders would not be placed until the library had an opportunity to compare prices with their regular sources.

Italian Society of the Immaculate Conception celebrated the feast of the Immaculate Conception with a banquet for members and their wives at the Knights of Columbus Hall, V. O. R. Rev. Gregory Johnson, Pastor, Our Lady of the Gulf Catholic Church, gave the invocation and addressed the group.

The following newly elected officers for the coming year were introduced: Charles Sciana, president; Frank Chio-

lino, vice president; Romulo Sandoz, secretary; Sam Compretti, treasurer; Joe Michel, grand marshal, and Tony Morale, Joe Caccoppo and Walter Roca, trustees.

Mrs. Tony Compretti and her group, Mrs. Robert Compretti, and Mrs. Donald Compretti, Walter Roca, Joe Michel, Sam Compretti, Joe Caccoppo and David Scalfi entertained with a number of songs and skits. Mrs. Charles Sciana served as emcee for the banquet.

Reward Offered

Conceding that the increasing incidence of crime in the Mississippi River Association offers a \$500 reward to anyone giving information leading to the arrest and conviction of person or persons getting "high" in woodlands in area served as navigators for the program.

Quoted included Dr. and Mrs. A. K. Martindale, Jr., Mr. and Mrs. Anthony Becker of Biloxi, and Ray Johnson.

Mr. and Mrs. Tony Morale were in charge of the banquet.

Two Too Many Jenkins In HNC Tournament

They came on like champs - Gulfport High's Commodore basketball team - and they left champs after outscoring and outclassing all competition in the 1970 Hancock North Central annual invitational tournament last week.

Coach Bert Jenkins' undefeated Commodores, defending state overall champions, blitzed Pearl River Central Thursday night 89-34, romped over previously unbeaten Leakeville 90-65 Friday and pulverized Bay High 84-52 in the final Saturday.

Coming on the floor Saturday night to a jazz version of Sweet Georgia Brown, the Commodores, about four times as strong, gave a pre-game exhibition that would have done credit to the original Harlem Globetrotters and then demonstrated why no team in Mississippi can top them. Jerry Jenkins of Gulfport averaged 31 points per game, Willie Thomas of Bay High 18.7, Jenkins

was named best rebounder and Thomas best defensive man. Gulfport of course is a Class AA school and Bay High Class A.

But things were not always this way. A quick search of the records revealed a Bay High 49-42 win over Gulfport in January of 1968 - and remember Hancock North Central's state overall championship game of 1969? All players were named Necase and they defeated the best of the Big Eight Conference among others. Central is also Class A.

Named to the all-tournament team were Gary Blaize of Bay High; Kenny Seals and Danny Martin, Hancock North Central; Danny Wilkes of Marion County; Wayne Ladner, Pass Christian; Wally Smith, Pearl River Central; Larry Moore and Joel Fike, Leakeville; Robert Byrd and Jerry Jenkins, Gulfport.

In the championship game lanky Jerry Jenkins, certainly one of the greatest players

ever developed on the Coast, scored eight points on three field goals and two foul shots in the first three minutes of play and it was five minutes before Bay High could get on the scoreboard. However, when the Tigers showed out they gave a creditable performance, especially in the second quarter, and also managed numerous steals.

Quarter scores:
BH 6 12 11 23 - 52
Gulfport 25 14 28 17 - 84

Earlier Saturday Leakeville sporting the famous Moore brothers, Shimmy and Larry, defeated only by Gulfport this year, squashed by Hancock North Central 80-77 in the consolation game - best game of the day - and the Leakeville lads were awarded the best sportsmanship trophy. Of Leakeville's 80 points, the Moore brothers accounted for 65, Shimmy getting 38 and Larry 27.

The Hawks took an early lead and held on for most of the game, forging ahead by 12 with five minutes left in the first half. But the Moore brothers found the range and bombed the Hawks repeatedly with field goals and free throws, tying the score and taking a 10-point lead with less than five minutes to go in the game, mostly on Shimmy and Larry's efforts.

But the Hawks were not through knotting the score in the final minutes at 72-72, 74-74 and 76-76 before Shimmy connected with a field goal and Larry sunk a free throw for the winning margin.

Five Hawks hit in double figures, Kenny Seals getting 23, Edwin Ladner 15, O'Neal Cuevas 14, Danny Martin 13 and Sherman Gardner 10.

Friday's semi-final between Bay High and North Central, long-time rivals, was almost a repeat performance of a prior game except this time the Tigers edged the Hawks by one point. In their first battle this season three weeks ago the Hawks took a tough 76-74 overtime win over the Tigers and the rivals are now 1-1 with a rubber match set for Jan. 7 in the Tigerdom.

After playing on even terms for the first period the Tigers warmed up to a 39-25 halftime lead and upped it to 54-38 going into the final frame when coach Roland Ladner's lads woke up and almost pulled the chestnuts out of the fire. Bay High's Willie Thomas was the

Quarter scores:
HNC 15 10 13 20 - 68
BH 15 24 15 15 - 69

In opening round action Wednesday coach James Pair's Tigers had a narrow squeak over another arch-rival Pass Christian and personal fouls almost cost the Tigers the game. Bay High was guilty of 23 fouls and the Pirates only 11 while PC sank 21 points from the free throw line and BH only seven.

Quarter scores:
BH 14 16 18 19 - 67
PASS 15 20 11 19 - 65

Other scores were HNC 60, D'Harville 35 and Leakeville 64, Pearl River Central 34.

Owners Agree

All property owners concerned with the Lakeshore Road improvement, with the exception of two, have agreed to easements needed for the purpose of drainage, according to Lucinda Kidd who was interviewed on Monday morning with reference to progress made. Kidd said there would probably be two easement agreements, that of Lakeshore Road, 7732 Hampton Street and that of John C. Leakey, 22th of Orleans.

There were approximately 14 easement agreements necessary for the 4.677 mile distance prior to proceeding with repairs to Lakeshore Road. Most property owners responded and felt that the improvement to the stretch would be worth it.

Knight, Googe Win Tourney

Shooting a hot 70, Leo Knight, pro at Pass Christian Lakes Golf Club, teamed with Hank Googe, pro at Bayou View, Gulfport, to win the annual Mississippi Professional Golf Association Pro-Am tournament at Vickburg Wednesday.

The two Capt. pro's won the tourney, played along with the PGA annual business meeting at Vickburg, with a pinning and Knight tied with Hank Googe of Jackson for low pro score.

Rockachaws Slap Hornets

St. Stanislaus reported a brief boxing match Saturday and led in every quarter to buzz Poplarville's Hornets 91-69 in a non-conference game at Poplarville.

The Rocks are now 3-3 for the season and were scheduled to travel to Ocean Springs Tuesday then to Vicksburg for the State High Tournament that started Wednesday and ends Saturday.

Four of five starting Rockachaws hit in double figures, Gerald Lynum getting 28, Jimmy Outcast 21, Bob Bryan and Ted Schlotter 14 each.

Captain Bob O'Connor's promising young junior variety clinched the double-leading victory with the 30-38 handily over the junior Hornets, Clifton Noecki leading the scoring for Rockachaws with 12 points.

George County Girls Win HNC Tournament

Sinking eight of 10 free throws in the final quarter, George County's Rebels topped favored Hancock North Central's Hawks 38-30 in the girls' finals Saturday in North Central's Annual Invitational Tournament.

In all the Rebels scored 20 of 25 free throws, the Hawks holding the lead to only nine field goals during the game, judged by a standing room only crowd to be the most interesting of the day.

Playing a determined no-nonsense game the George County girls were awarded all three individual awards - Deborah Dickson, best rebounder; Paulina Tanner, best defensive player; and Gena Jones best player.

The Hawks took an early lead and held on until George County knotted the score 17-17 at halftime. Then ahead in the third stanza and salted away the game in the fourth. The Hawks are now 12-2 for the season, George County 8-2.

Quarter scores:
Hancock 10 7 7 6 - 30
George 10 9 11 10 - 38

Linda Dedeaux was high for the Hawks with 10 points while Tanner scored 15 for the Rebels.

Bay High's Tigrettes also tasted defeat in the consolation game Saturday losing to Pass Christian 34-59. For the winners Sherrie Nease scored 25, Margaret Niolet 15 and Terry Donlin 12. For Bay High it was Susan Ladner 14 and Schewanda Bell 12.

Quarter scores:
Bay High 6 0 19 5 - 34
Pass 16 13 14 10 - 39

Opening game Wednesday saw the Hawks wallop Long Beach 62-51 behind the fine shooting of Peggy Haas with 31 points, Brenda Dedaux 12 and Leana Same 11. Also on Wednesday Bay High defeated Leakeville 58-35 and George County clinched Marion County 62-25.

In Thursday's district action Pass Christian dumped Pearl River Central 50-24 and Hancock North Central downed D'Harville 53-34.

On Friday Hancock defeated Pass Christian and George County beat Bay High by identical scores, 37-33.

Named to the all-tournament team and receiving individual trophies were Charlotte Ladner, Leana Same and Trudy Herbert of Hancock North Central; Schewanda Bell and Kim Bell of Bay High; Lynn Hammons of Long Beach; Suzanne James, D'Harville; B. Pace, Marion County; Terrie Donlin and Sherrie Nease, Pass High; Janice Byrd and Deborah Dickson, George County.

Toll Booths Come Down

Toll booths are absent from the Bay St. Louis Bridge for the first time since August of 1953. They were recently removed by Highway Department forces who were following instructions from Highway Commissioner W. H. "Shag" Pyron. The first Bay St. Louis Bridge toll was collected August 2, 1953. It was lifted as a requirement to cross the massive four-lane concrete structure following Hurricane Camille over a year ago, but actual dismantling of the toll stations was delayed pending final insurance settlement.

The picturesque link between Hancock and Harrison counties was damaged heavily by Camille, with repair and lighting costs running almost exactly one million dollars. Quick engineering negotiation and subsequent contractual ex- celsency provided motorists a fully repaired bridge by December of 1969.

During our years of writing we have never seen such an enthusiastic interest in sports as is prevalent now. Locally, the hectic basketball season is in full swing and the lads were busy last week in at least five full-scale tournaments, each involving thousands of fans and players.

There was the Hancock North Central Invitational, the North of Dimes Tourney at Biloxi, the Maroon Tide classic Playhouse High Tournament and the Pearl River Junior College Tournament.

Blond Boxing Club members competed in a Regional Gloves event at New Orleans. Gulfport High had its athletic banquet. St. Stanislaus' Rockchaws traveled to Poplarville for a couple of games. Hundreds of golfers gathered despite the chilly winds.

Then there was the Liberty Bowl, numerous pro football basketball games. Television sports coverage has been added from Saturday afternoon to Sunday and now Monday.

And the ponies are running at the Fair Grounds. That's a welcome relief from the recent deluge of campus race riots, kidnappings, murders, etc. You have to positively engage in sports and we are in favor of more thinking for everyone especially students.

WE GOOFED

To take back everything we wrote recently about LSU and Miss, so ease up tellers and gals. LSU has a super there's no question about it. Two Tigers, Casanova Anderson, made the Associated Press All-American eleven team and LSU is the only college in the country to have two men on the team. The Tigers poured it on the this year and we had picked Ole Miss but don't we said twice "provided Archie Manning played" and in London Archie never did play. He was in the game for a but it wasn't the Archie we were talking about. And to for complicate matters the Rebels' coach, Johnnie Vaught recovering from a heart attack.

the fact remains that LSU defeated Ole Miss 61-17 and did it fair and square.

Gaar Addresses H.N.C. Group

"Good education is not the same education for all pupils. One way in which schools can provide for children having difficulty in learning is through initiating and developing quality special education programs," said Mr. Basil Gaar, in a talk to the faculty and junior and senior students at Hancock North Central School on Friday, December 4. He also pointed out that individuals mature at different ages physically and mentally. Those who grow more slowly mentally are referred to as "mentally retarded" and need special help to achieve their potential. These people may have suffered brain damage through accident, illness, chemical imbalance, birth, or more than a hundred other causes. It is the responsibility of the community to understand them and provide for their education.

Dr. Gaar authored the structured program in special education which is being administered through the Southeast Mississippi Resources and Development Center, financed by Title III ESEA, and supervised by Mrs. Helen H. Mestayer, Consultant at the Center, who brought material to be used in the Special Education class at Hancock North Central School, which will start on January 18 and will be taught by Mrs. Rachel Roberts.

Mr. Eugene E. Ladner, Superintendent of Education, and Mr. L. F. Matulich, Principal of Hancock North Central School, are proud to announce this special education class for six and seven year old children with special learning problems. It is planned to have a complete program to provide for special students of all ages at Hancock North Central, starting in September in 1971, if

qualified teachers can be located.

Mr. Gaar initiated and operates Camp Wagon Wheels in Texas which provides a summer program for exceptional children. He is presently Re-

search Associate Professor at the University of South Florida and will complete work for his Doctorate next year at the University of Southern Mississippi. He received his M.A. from the University of Houston, was coordinator of a pilot project in Vocational Education at Galena Park, Texas and was the recipient of a fellowship to work in the Office of Education in Washington, D.C.

MR. BASIL GAAR addressed a group of faculty and students at Hancock North Central last Friday and spoke on the importance of developing special education programs for children who have difficulty in learning. (Photo by Bob Hubbard).

Explains Effects Legalized Abortion

INTERVIEW WITH REV. ANTHONY ZIMMERMAN, S.V.D. WHO RECENTLY VISITED STINE'S SEMINARY IN BAY ST. LOUIS.

By Marileen Mahor, Staff Writer
POPULATION AND OVER-POPULATION. Like Spiro Agnew, Americans have become household words. For the past years, the nation has been beset with warnings of a population explosion. In agreement that something must be done, everyone is in agreement that something must be done. But people's views differ greatly when it comes to over-population. There are the alarmists who believe that in more years if the population is allowed to grow at its present rate, and there are those who point out that the United States and many other countries are in a more people right here.

Erlich, biology professor at Stanford University and founder of Zero Population Growth, advocates families to a maximum of two children. There is a lot of talk about the Federal Government may one day limit the number of children a family can have.

Some of the cures for over-population, if indeed it is the most obvious and definitely the most popular cure is THE PILL. For those who do not favor the use of a variety of contraceptive devices on the part of both parents can assure them of determining their family. If all of these prove unsatisfactory, there is one method left which has caused more than all of the other means combined—abortion. People have shunned the word abortion because of many of America's religious, moral and social views, however, some states have already passed laws of legal abortion and it is sure to be a topic in legislative sessions to come.

No any decision can be reached, a careful study should be made of the effects on countries having legalized abortion. There has been done in Japan and one of its authors, Rev. Zimmerman, S.V.D., S.T.D., was recently in visiting at St. Augustine's Seminary, Rev. Zimmerman, a professor of Moral Theology at Nanzan University in Japan and the Vice Regional Superior of Japan. He and four Japanese medical doctors, who were in Japan, gave a paper entitled, "Japan's 22 Year Experience with Legal Abortion Law" to the 12th International Conference of the International Federation of Catholic Medical Associations in Washington, D. C. during October of this year was given the Pope John XXI award at this time.

view with Father Zimmerman, he explained the study and its conclusions. "The title of the paper is 'The Effects of Legalized Abortion on Japan'. It has caused many problems. It is very easy to get an abortion in Japan as it is up to each designated doctor whether or not an abortion can be performed."

Rev. Zimmerman explained a designated doctor, specifically a gynecologist who attends an abortion, upon completion of these requirements becomes a designated doctor or one who may perform abortions.)

had seven conclusions concerning the effects of legal abortion on Japan and its people:

1. Induced Abortion Spread Very Rapidly
2. Legal Abortion Became A Substitute For Conception

easy access to legal abortion has become a problem for efforts at conception control for them. It is easy to obtain, many women, rather than use the birth control methods available, would rather risk the chance of pregnancy," expressed Zimmerman.

Legal Abortion Has Become Quasi-Compulsory For Women At The Grass Roots Level.

Zimmerman explains, "The economic situation in Japan has resulted in this. Many apartment managers have a policy of no more than two children. Support families in the form of family allowances, birth allowances, etc., is non-existent for most. Once a mother has a child in school, she is free to seek outside employment with the family's finances. Another child born from doing this."

Japanese Are Ashamed Of Committing Induced Abortion.

Zimmerman explained that legalized abortion is a moral and social value of Japan. "As Prime Minister Sato said in an address to the people, our whole society respects life," Zimmerman stated.

Points Made By Induced Abortion Tends To Intensify Japan's Abortion Epidemic.

problems, Zimmerman said was that the doctor who performs the operation, most women say that you cannot get a pregnant condition without being asked, "Are you intending to bear it?"

advertising designated physicians", with direct advertising, crowd the bill board spaces around and on street corners.

It Is Said, Legal Abortion Is Not Remarkably Different From Legal Abortion.

Opinion surveys taken indicated that several in Japan believe that their health has been improved, that is, legal abortion, 59% indicated that they were severely troubled with adverse after effects.

Is Not Necessary To Solve Japan's So-Called Abortion Problem.

have changed in Japan since the post war period. Zimmerman emphasized. The living standard has been much higher than chronic labor. The White Paper on Labor issued in July stresses the gravity of the labor shortage and warns that Japan's economic growth may be seriously affected.

the mood in Japan concerning abortion? Father Zimmerman, "Prime Minister Sato is now advocating a law. Although I am not in favor of abortion, I like to see them change the procedure whereby doctors would decide whether or not an abortion is performed. These doctors would not perform the abortion unless they would only hand down the decisions. Also, the law would have nothing to do with

concluded Rev. Zimmerman, that the problem of over-population has been oversold. Abortion is not the answer. Japan is ashamed of being known as a country of abortions.

predict what will happen in America. All I can say is that some reform in the Japanese abortion laws."

Garden Club Makes Tour

A special tour planned for the Lakeshore Garden Club by Mrs. Russell Elliott, Pres. of the Board of Supervisors, with the help of Mr. Neville R. Jacob, Public Relations Director of Hancock County Port & Harbor Commission, got on the road in a bus provided by NASA on the morning of December 3rd.

Tour started from Clermont Harbor, proceeded west on the Lower Bay Road, passed the Tennessee Gas Pipeline Co. facility and into the Port & Harbor's 2200 acre industrial area development adjoining Pearl River. This site is very impressive and already a prefabricated manufacturer, Design Development, Inc., has erected a plant and is in production. Upon viewing the initial project site, one can ascertain that Hancock County has a building block with unlimited possibilities.

Diamondhead was the next stop where Messrs. J.S. Buccola and L.W. McAtee, land

TO: THE PEOPLE OF HANCOCK COUNTY
From: Jerry L. Ladner

SUBJECT:
My Position Concerning Affairs Of Our County.

For the record, I would like to express my feeling re-
garding Hancock County in its economic and governmental
affairs.

For nearly 32 years, I have been involved with an in-
terested in this part of Mississippi since it was my birth
place and is my chosen place of residence. It has been
my pleasure to derive my family income through several
enterprises, such as a general contractor, Lounge and
Restaurant owner and Area distributor for Kirby ap-
pliances.

I am proud to say that I have been successful in all of
my ventures and this is due to the trust and confidence placed
in me by my many friends.

My mother and father taught me to always be interested
in the affairs concerning my fellow man and to be a man of
convictions. In order to remain a responsible citizen, I
have at different times had to take exception to several
issues concerning our County.

It is out of gratitude to our citizens and concern for our
local government and economy, that I am most proud to
publicly announce that I am most definitely a candidate
for Supervisor of Hancock County.

Whether it be the subject of the building code, Jackson
Ridge part, injunctions, petitions or any other issue at
home, I want to assure all of you that it is and shall always
be my intention to speak up for or against any issue con-
cerning the majority of our people.

At this time, I would like to offer my assistance to any
person or organization, who is also interested in the bet-
terment of Hancock County.

Respectfully Submitted,
Jerry L. Ladner
